

# JOHN DEERE

## Propulsion engines — more power in the water

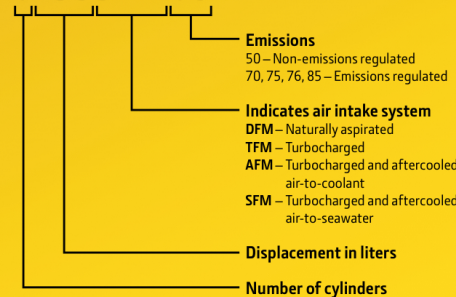

### Off-Highway Diesel Engine Ratings Tier 3/Stage III A

John Deere PowerTech™ engines are built for long life, reliable performance, fuel efficiency, quiet operation, ease of access to main parts, and simplified integration. They give you the power you need when you're on the water. Choose reliable John Deere engines from 60 to 559 kW (80 to 750 hp).

Model designation key

**6135SFM85**

A John Deere marine engine model designated as 6135SFM85 is a 6-cylinder, 13.5-liter turbocharged and aftercooled, air-to-seawater engine that is emissions regulated.

### Propelled performance

John Deere engines give you an effective blend of pure power and rugged toughness. Our full, high-horsepower lineup offers the right engine for your needs — each of them with added torque at slower speeds. The result? John Deere engines build power faster and cruise at a higher speed with a lower rpm. Boost your vessel's performance in swells, tides, or currents with reliable power that's ready when you are.

**4.5L**  
60 – 168 kW  
80 – 225 hp

**6.8L**  
115 – 298 kW  
154 – 400 hp
